Here are a few photos from last night for social media if you would like to share. Over all a decent event but not a lot of people out on the square. Almost every pedestrian stopped to ask what we were doing and was excited about the event. At least a few people pulled into parking spaces and watched for longer periods of time. I have more photos I can share via G-drive later if needed.

Our blow up screen is in our cage on the second shelf right when you enter (big blue bag).

The other screen is in the tech cage.

Thanks Caitlin

Here's what I think we need:

- 4-5 extension chords and 3 power strips
- OFF screen (maybe both of them)
- sandbags for weighing down the screen in case of wind
- Gaff tape
- 10 Grip clamps if available
- 3-4 pedestals
- projector (as a backup)

Yes, can you come between 3 and 4 tomorrow? Wayne's out of the office at the moment, so if you can send me the list, we'll pull everything together.

Thanks,

Caitlin

Thanks Caitlin. Will anyone be there tomorrow afternoon ? There are other items we will need tomorrow evening that I've already listed in previous email to Wayne. I was hoping to take it all form Powerhouse directly to the square instead of lugging it to my house overnight.
